1. Records must be requested by the team coach or designated representative.
2. Records must be requested within one month of the date of performance.
3. Use a separate form for each record requested.
4. You must include a page or pages from the official results of the competition to support the above request, with the competitor's name and time claimed circled. The page(s) must each include the meet name, location, and date.
5. The performance for which any record is claimed must be made in a race that is a regular part of a YMCA, or non-YMCA meet in which the competitor represents his/her YMCA. For a relay record to be recognized, all four competitors must be YMCA members.
6. Record times will be recognized for performances by a competitor who swims the first leg of a relay race. A record established by a competitor during the first leg of a relay race shall not be nullified by the subsequent disqualification of a different member of the same relay team.
7. No records will be recognized when achieved in events limited to one institution, or in time trials, time-standard trials, or special events that do not count in the scoring of the meet being conducted.
